

Fostering Internationalization at Montenegrin HEIs through Efficient Strategic Planning – IESP

Title of Work package	WP 2 Capacity Building For Internationalization Through Staff Training and Equipment Upgrade
Activity no.	DEV 2.1: Procurement of equipment for supporting internationalization
Title of outcome	Report on the procurement of equipment for supporting internationalization
Activity date	March 2020 - January 2021
Authors	Ana Dragutinović, Maja Škurić

The University of Montenegro (P9) as the coordinator was in charge of the joint equipment procurement. For this purpose, the coordinator carried out consultations with the Montenegrin university partners (University Donja Gorica – P7 and University Mediterranean – P8) to compile the final list of the equipment to be procured. After agreeing with the partners on the list of equipment, it was sent to the EACEA project officer for final approval. After receiving it, P7 and P8 have authorized P9 to initiate a joint public procurement procedure. The equipment was purchased in one tender procedure, according to the Partnership Agreements, the EACEA rules, IESP Handbook, and national procurement rules.

The tender for equipment procurement was published by the Public Procurement Office of the University of Montenegro on 4th May 2020. Two offers were received and the decision on the selection of the more favorable bid was made. Following this, one of the bidders filed a complaint against the decision, which is why the tender documentation was forwarded to the State Commission for Protection of Rights in Public Procurement Procedures for the final decision. After considering the submitted documents, the State Commission declared the procedure on the selection of a more favorable bidder null and instructed the University of Montenegro to conduct a new tendering procedure.

The new procedure has initiated on 21st August 2020.

Invitation Number 05/1-2-1-612 for Open Procedure published at:

<http://portal.ujn.gov.me/delta2015/search/displayNotice.html?id=134047&type=InvitationPublicProcure>

The tender documentation, the decision on the selection of the bidder made on 24th September 2020, and the contracts concluded for the purchase of the equipment (issued on 6th and 9th October 2020, respectively) can be found at the above link.

The supporting documents of the tendering procedure are kept in the project records according to the national legislation.

Due to the situation with COVID 19 outbreak there was a delay in the delivery of one part of the equipment. The supplier provided explanation and on 27/10/2020 sent the notification of equipment manufacturers about delivery delays to the *Commission nominated for the procurement of equipment for supporting internationalization* and project team about the reasons for it providing the *Force majeure* explanation about the mentioned delay which can be found at: <http://www.iesp.ucg.ac.me/uploaded/files/Kasnjenje%20-%20G%20Tech%20-%20Univerzitet%20Crne%20Gore%2027102020.pdf>

The equipment was installed at University of Donja Gorica's units at Language support centre for internationalization room

University Mediterranean, address: Josipa Broza bb, 81000 Podgorica.

Photos of the delivered and installed equipment

The equipment has been used for the English language courses organized for the Montenegrin universities staff in order to improve their English language capacities for the purpose of internationalization.

At the University of Montenegro, the classroom equipped for the purpose of language support for internationalization has also been used for the English for Specific purpose courses organized with the Erasmus+ project “Reforming Foreign Languages in Academia in Montenegro“ Reflame.
